

MEF 2019 presents CenturyLink with eight awards for service and network excellence

December 4, 2019

MEF's awards program is the largest in the world enabling next generation network services, including LSO (Lifecycle Service Orchestration), SDN/NFV, SD-WAN, and Carrier Ethernet technologies. CenturyLink's focus on the customer experience through innovative, relevant and competitive solutions was key to being selected for the following awards: Retail Service Provider of the Year (Global), Retail Service Provider of the Year (North America), Wholesale Service Provider of the Year (Global), SD-WAN Service Provider of the Year (Global), SD-WAN Service Provider of the Year (North America), Enterprise Application Award for Education, Enterprise Application Award for Transportation.
