

CenturyLink recognized for its innovative Managed Security Services offerings by two independent research firms

September 1, 2016

CenturyLink was recognized for innovation in its managed security services (MSS) offerings by two independent analyst firms. CenturyLink was named a "Leader" in the IDC MarketScape: U.S. Emerging Managed Security Services 2016 Vendor Assessment, and, separately, CenturyLink was named a "Strong Performer" in The Forrester Wave™: Managed Security Services Providers, North America, Q3 2016.
