

Frost & Sullivan recognizes CenturyLink with Asia Pacific Hybrid IT Strategy Award for the second consecutive year

July 20, 2016

CenturyLink received the 2016 Asia Pacific Hybrid IT Strategy Award for the second consecutive year from Frost & Sullivan, a global growth consulting firm. The award, based on Frost & Sullivan's in-depth research and careful evaluation, recognizes CenturyLink's outstanding ability to deliver an integrated and comprehensive hybrid IT portfolio that includes cloud, colocation, managed hosting, network and managed services to meet rising demands for highly automated, efficient, reliable and flexible IT services.
