

MEF presents CenturyLink with five awards for service and network excellence

November 1, 2018

MEF's awards program is the largest in the world enabling next generation network services, including LSO (Lifecycle Service Orchestration), SDN/NFV, SD-WAN, and Carrier Ethernet technologies. CenturyLink's focus on the customer experience through innovative, relevant and competitive solutions was key to being selected for the following awards: LSO Leadership, Retail Service Provider of the Year (North America), Wholesale Service Provider of the Year (North America), Enterprise Application – Media.
