

## Lumen retains #1 rank in Vertical Systems Group's Mid-Year 2020 U.S. Carrier Ethernet Leaderboard

**February 28, 2020**

Lumen secured the top spot in the mid-year rankings, which recognizes network providers who have at least 4% share of the U.S. Ethernet services market. Lumen has held the number one spot continuously since 2017. It was also the only carrier to have attained MEF 3.0 Carrier Ethernet certification at the time of the survey.
