

Lumen Technologies named to Forbes' list of Best Employers for Diversity 2021

April 20, 2021

DENVER, April 20, 2021 — Acknowledging their strong and ongoing commitment to being a diverse and inclusive company, Forbes has named [Lumen Technologies](#) (NYSE: LUMN) to its [list](#) of Best Employers for Diversity for the second consecutive year. The recognition is jointly presented by Forbes and Statista Inc., the world-leading statistics portal and industry ranking provider.

The Best Employers for Diversity 2021 were selected based on Statista's innovative methodology, guaranteeing unbiased results and providing reliable insights. More than 50,000 U.S. employees were surveyed in companies with a minimum of 1,000 employees to identify the Best Employers for Diversity.

“This recognition is a compliment to the employees who make up our diverse and inclusive culture. Our people represent who we are,” says India Sylvester, Lumen’s chief diversity and inclusion officer. “Our work isn’t done. We will continue to embrace and promote a diverse culture, diverse thoughts, and diverse ideas. We are a company where everyone is welcome.”

The evaluation was based on four criteria:

- **Direct Recommendations:** Employees were asked to give their opinions on a series of statements regarding age, gender, ethnicity, disability, LGBTQA+ & general diversity in their current workplace. The recommendations of women, elders, and ethnic minorities were weighted higher than the non-minority groups.
- **Indirect Recommendations:** Participants were also given the chance to evaluate other employers in their respective industries that stand out either positively or negatively regarding diversity. Only the recommendations of minority groups were considered.
- **Diversity Among Top Executives/Board** and **Diversity Engagement Indicators** were also part of the evaluation.

“Our company is a better place for embracing a mixture of cultures, ideas, and acceptance,” says Eos Rios, lead software developer and a member of several Lumen employee resource groups.

“As someone who has been with Lumen for more than 20 years, I’m grateful to Lumen for supporting a place of work where we can be committed to respecting and learning about the

diversity of our teammates.”
